

# WIN THE WAR AGAINST INFECTION

You are invited to join us in the war against infection!

**Monday 23<sup>rd</sup> May @ The Royal College of Physicians**

The event will include an informative agenda focusing on vascular access and infection control with speakers including Dr Duncan Wyncoll, Intensivist from Guy's & St Thomas' NHS Foundation Trust.

Topics include :

- Infection Control: What Really Works?
- Vessel Health & Preservation
- An Evolving Vascular Access Service

Please contact your local territory manager today to book. Limited space available
